A Plea For the Forests.

HAGER HILL, KY.
Under the hungry, despoiled rule of the dollar there is little disposition for anything which smacks of sentiment. Yet there are a few high souls like your correspondent of East Point, who regards the desolation of our forests as little short of a crime. Our forests gone, our minerals sold, there is little left for home pride. Once the land is fruit and flowers and game and fish, it will soon be a blank waste of barren knobs unless our people can be shocked into staying their ruthless hands.

Can we replant our forests? Can we preserve the purity of our mountain streams? Can we regain our fruits and flowers and birds and fishes? Can we have pretty homes nestled among the hills? Can we have splendid roads winding along the little valleys. Yes, these things may be, and this is the highest good of the people, flow much happiness one cozy home means?

The mail is almost due and I shall ask you to print the following from Farm Journal:

ROADSIDE TREES

[Letter from Germany From One of Our Own Folks.]—I was much interested in the letter to our friend Harriet in the January number of the Farm Journal. May I tell you the system of roadside tree planting over here, for, although farming in my native land is far more advanced than over here, when I see something that strikes me as good, I feel as if I should like to tell of it.

Through the systematic planting of fruit trees in Austria, no one feels loss through theft, even though the country is much more thickly populated; and in a village of fifty-eight houses with eighty-two school children between the ages of six and fourteen, there are few complaints about theft, or anything else, being stolen.

But it is of roadside fruit trees that I want to tell. The public roads are, of course, all in the care of the government, and a road supervisor, usually a prominent man, is appointed over a given district. Each supervisor in turn appoints road-keepers at convenient points, each of whom has a section to keep in order—the ditches open, gravel spread, etc. On each side of the road is a grass strip two to five yards wide, before the adjoining field, no fences, and consequently no cattle at large.

Under the reign of the Empress Marie Theresa, almost all the turnpikes were set with poplars about twelve yards apart, which gave a stately appearance, but nothing else. I can not say at what time war was declared against the poplars, but in this district in the year 1880 they were still standing, and in 1890 not one was to be seen. The road supervisor, then about sixty years of age, was then entering enough to have the poplars felled and replaced in the intermediate spaces by apple and pear trees, of good kinds for cooking and cider, not the table fruit, but hearty varieties suited to the soil and climate.

The trees on each road-keeper's stretch were given into his charge for ten years, on the agreement that he care for them by keeping an open circle around the roots, the trees properly tied to stakes, free from caterpillar nests and whitewashed in the fall to protect from hags. The fruit during ten years also belong to him. The first year of course gave no return, but in the fourth year he had the first small crop, and on the succeeding years good returns that on the eleventh year, when the fruit was sold at auction, in June, the road-keeper took it at a good price, which was a proof that he knew what it was worth. The money from the fruit goes every year to the road fund. The grass along the roadside also belongs to the keeper and is usually enough to keep a cow, or a goat.

The result of this system is well-kept roads, straight, well-cared-for trees and a nice, well-cared-for spot of grass. If travelers do help themselves to a few apples, they

are not even missed, and with a tree full every twelve yards on each side of the road, few passers-by take more than one at a time. It is not like coming to a solitary tree after going a mile or two.

The pruning of the road trees is done almost exclusively by schools. The classes go out for practical lessons with a capable teacher—sixteen to twenty boys and young men who carry their tools. The teacher, taking each tree in turn, points out the work to a boy and goes on to the next. A large number of young men gain experience this way, and private persons, who are near enough, may invite the teacher in and get their gardens pruned, giving a tip to the boy for the actual work.

When the pruning is done, the family of the road-keeper appear and chop the branches into fagots and take them home. Nothing is left to waste, or disfigure the road. I also found that a good plan to protect my garden from the intruders of neighboring children, was to give the boys current bushes and strawberry plants and show them how to set them. It costs nothing but about ten minutes and a little good will, and strawberry beds and current bushes are better for thinning out.

Paintsville.

Hon. G. W. Castle of Louisa, is here on business.

Mrs. Jack Ward, mother of Sheriff Ward, of this city, lies at the point of death at her home at Oil Springs.

Ben Vaughan, son of Judge W. H. Vaughan, met with a painful accident at the East end of Main street Sunday.

Rev. H. J. Ramey, formerly presiding elder in this district, N. E. Church, is seriously ill at his home at Salt Lick, Bath county.

Mrs. C. B. Dore left Friday for Williamsburg, Va., to join her husband who is connected with an engineering corps at that place.

Judge H. F. Vinson, of Louisa, has kindly presented the Herald with a whistle. We will soon be ready to whistle for subscribers. The Judge has our thanks.

TO IT TO UAY.

The time-worn injunction, "Never put off till tomorrow what you can do today," is now generally presented in this form: "Do it today." That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Chamberlain's Cough Cure, which has been in use for thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, Chamberlain's Cough Cure will surely effect a cure as it has done before in thousands of apparently hopeless cases of long trouble. New trial bottles, 25c; regular size 75c. At all druggists.

Dissolution of Partnership.

To whom it may concern:—The partnership heretofore existing between J. L. Pitts, L. Hankins and H. H. Trundle, under the firm name of Pitts, Hankins & Trundle, has been mutually dissolved, and the business will be continued in the name of Pitts & Hankins, composed of J. L. Pitts and L. Hankins; who have taken over the assets of the firm of Pitts, Hankins & Trundle, and will pay and discharge their obligations.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by A. M. Hughes.

A curious fact relative to a woman's personality is that the two sides of her face are not in accord with the other. In other words, every woman has two faces, and one shows certain characteristics which the other does not, and each contradicts the other.

The left side is nearly always the prettier, although it would take a very keen eye to discern any difference. It is worth while to remember this when posing for one's photograph.

The mural of this is obvious. The left side of the face showing far better advantage than the right, it is evidently one's duty to keep the good side turned toward an observer.—Ex.

When the Sap Rises.

Weak lungs should be careful. Coughs and colds are dangerous. One Minute Cough Cure cures coughs and colds and gives strength to the lungs. Mrs. G. E. Fenner, of Marion, Ind., says, "I suffered with a cough until I run down in weight from 145 to 92 lbs. I tried a number of remedies to no avail until I found One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by Louisa Drug Co.

CLINE.

Ladies and Children.

Who can not stand the shocking strain of laxative and cathartic pills are especially fond of Little Early Risers. All persons who find it necessary to take a liver medicine should try these easy pills, and compare the agreeably pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Risers cure biliousness, constipation, sick headache, jaundice, malaria and liver troubles. Sold by Louisa Drug Co.

LIZZIE.

This is a hustling little place. Planting corn and hauling crosses is the order of the day.

Charles Justice, who has been very sick with measles, is able to be out again.

State Convention Called.

A State Convention to elect delegates to the National Convention and to reorganize the party committees has been called by the Democrat State Executive Committee to be held in Louisville on June 8. County mass conventions will be held on June 4 to elect delegates to the state convention. The Committee adopted a rule requiring the recognition of the delegates holding prima facie credentials in effecting the temporary organization of the State Convention. The rule was the outgrowth of Chairman Young's declaration to Gov. Beckham and others at a recent conference that he would not reorganize any delegation sent by Mayor Grant and the city administration, even though the Louisville delegates be regularly and properly chosen. Chairman Young also predicted serious trouble in the State Convention. He says he will ignore the State Committee's new rule as to credentials and will do all he can in the interest of W. R. Hearst for President.

The basis of representation of each county to the said convention shall be one delegate for each two hundred votes and fraction thereof consisting of one hundred or more votes cast, for the head of the Democratic electoral ticket at the presidential election in 1900, provided that each county shall have at least one delegate vote.

All persons who will at the November election, 1904, be legal voters in this State who are devoted to the principles of the Democrat party, and desire to see those principles succeed, and who, by participating in the mass meetings, will feel in honor bound to support the nominees of the Democratic national convention, shall have the right and are hereby invited to participate in the said meeting.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by A. M. Hughes.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver on the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size 35c; regular bottles, 75c. At all druggists.

Japs Besiege Port Arthur.

Port Arthur has been isolated by the landing of Japanese troops at Pitsow and Port Adams. The railroad has been occupied and the telegraph lines cut. Viceroy Alex. left's hurried departure with his staff from Port Arthur is now known to have been due to the fact that the Russian stronghold would soon be in a state of siege. The Japanese forces that have swarmed into the Liao Tung peninsula are variously estimated at from 20,000 to 30,000. The landing was practically unopposed, the Cossacks evacuating the towns without resistance. The Russian authorities at St. Petersburg view the situation stoically and say that Port Arthur is impregnable and is predestined to stand a year's siege. The size of the garrison there is being kept secret, but the number of soldiers there is not thought to exceed 10,000.

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. It troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by A. M. Hughes.

OVERDA.

Corn planting is the principal work of the day. The prospect is better for corn in this locality than for some time. Quite a lot of new land is being put in.

Felix Adams is talking of hauling his for the Ohio Timber Company.

Rev. John H. Sturgill will preach at Daniel's creek the fourth Sunday in May. Sunday School is flourishing.

NERVOUS WOMEN.

Miss Francis M. Smith is Treasurer of the East Side Ladies' Aid Society. She is connected with a number of benevolent organizations and takes an active interest in the Temperance House movement. She recently appeared before a committee of the Legislature at Albany in favor of Temperance House reform. In a recent letter written from 844 Seventh avenue, New York City, she says: "Care and responsibility shattered my nervous system. Like other women under a great strain my system gave way. My food didn't seem to have any taste. My sleep was disturbed. I was just as tired in the morning as I was at night, and there was a lazy, weak feeling over me all day. A friend requested me to try Peruna. I am glad to be able to say that after taking six bottles of it I feel a new woman. My stomach is now in perfect order and I sleep well."

FRANCES M. SMITH.

After one trial women inevitably praise Peruna. It is especially adapted to nervous disorders peculiar to their sex. A book entitled "Health and Beauty," written especially for women, sent free by Dr. Hartman.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

There are 1,300 violators of the law confined in the state prison at Frankfort, of whom 215 are murderers. Deputy Warden C. A. Nelson is authority for the statement that there are more men serving life sentences in the Kentucky penitentiary than in any other prison in the United States. The list of bigamists, or forgers, of bank robbers or of embezzlers, and is only surpassed by the number of common thieves.

DROWNED.

Four Men Lose Their Lives in Big
Sandy River.

One of the worst accidents that
has occurred to this vicinity for a
long time was the drowning of four
young men last Saturday evening,
a short distance above Buchanan.
The unfortunate young men were:
West Lambert, age 19.
Dayton Stewart, 27.
Allen Hicks, 21.
Phil Lockhart, 23.

Stewart was the only one who
was married. He leaves a wife
and two children.

The four men, in company with
Neba Stewart and Bert Vanhorn,
were crossing Big Sandy river in a
small boat. The boat was almost
too much for the boat, and when
about the middle of the river the
raft seemed about to sink. Locke
jumped out, and in so doing caused
the boat to capsize. He swam al-
most to shore and went back to
rescue one of his companions. The
drowning man caught hold of him
in such a way that both sank to
the bottom. The other two named
above also sank before assistance
could reach them. Vanhorn clinging
to the boat until rescued, and Neba
Stewart got hold of a piece of
wood that enabled him to keep his
head above water.

The accident occurred in Dean
Hend, where the water was 25 feet
deep.

None of the bodies has been re-
covered, although an almost con-
tinuous search has been made.

The men had all been at work on
the new line of the N. & W. R. R.
across in West Virginia. All were
residents of this county. Lambert
was a brother of Globe Lambert,
who met a horrible death in a coal
mine at Diggs, W. Va., a few
months ago.

A number of persons witnessed
the tragic affair.

A. J. Loar left last Monday for
Denver, Col., where he expects to
locate permanently. His brother,
P. H., has been there since last
fall, and likes the place and cli-
mate very much. Mr. Loar ex-
pects to return as far as St. Louis
in about a month. His family will
join him there, and after seeing
the World's Fair they will go on to
Denver. Louisa regrets the de-
parture of these worthy citizens.
They have always been regarded
as among our most substantial
people. For 25 years or more they
were in the merchandising busi-
ness in Louisa and conducted it
successfully. Their removal to
Colorado is made in the hope that
the more favorable climate will
prove better for their health, and
we all wish they may find relief.

The Arlington Hotel has changed
hands. The new prop-
rietors are L. B. Dixon and
Bert Shannon, both popular and
accommodating gentlemen. Mr.
Gartin retires from this business
on account of the ill health of his
wife. Under their management
the hotel has done a flourishing
business and their patrons speak
of them in the highest manner. The
new proprietors will doubtless
maintain the good reputation es-
tablished for this house by Mr.
Gartin. The change will take
place next Monday, but Mr. Gartin
will remain there to assist them
for a few weeks. Mr. Gartin has
not decided upon what line of busi-
ness he will engage in.

A telegram was received this
morning announcing the death of
Arch Cummings, of New York
City. His death was caused by
consumption. He was a brother
of Mrs. J. C. Adams, Miss
Belle Cummings, and Mr. John
Cummings, of this place. The
deceased was a popular and ener-
getic man. His business was that
of a contractor. He leaves a wife
but no children. Mr. Cummings
was about 45 years of age and had
lived in New York for many years.
The interment will take place at
Ashland, but the exact time has
not yet been learned.

John M. Iles has accepted the
position of chief clerk and book-
keeper for the Baker Contract
Company, on the work at Kava-
nagh. The company now has the
work on Dam No. 2 at that point
fairly started. Mr. Iles has had
considerable experience in the line
of work that will be required of
him in this position, having been
employed in a similar capacity by
the Mason & Hoag Contract Com-
pany for a long time.

We are always glad to see Big
Sandy boys leading the fellows
from other sections. The latest is
David J. Thompson, of Webbville,
who has been elected President of
the graduating class of the Ken-
tucky School of Medicine. He is a
son of Ex-Sheriff John Thompson
and is a very bright young man.
A good picture of him was pub-
lished in the Courier-Journal last
Monday.

The Women's Missionary Society
of the M. E. Church, South, at this
place, has selected Mrs. John G.
Burns to attend the annual meet-
ing of the societies of the West
Virginia Conference to be held at
Havenswood, W. Va. She will be
accompanied by Clara Housley as
a delegate from the Louisa Juve-
nile Society.

Death of Mrs. E. B. Hobson.

Mrs. Cordelia Hobson, wife of E.
B. Hobson, died at Buchanan last
Friday morning. She had been
sick for the past three months, but
it was not thought that the end
was so near. That morning she
was talking with her husband, be-
lieving that a few minutes
more and her life would be ended.
The immediate cause of death was
heart failure. So quietly she passed
away, smiling as she died.

The deceased was a member of
the Louisa Baptist Church. She
smiled a smile of joy and peace at
her baptism; she died with a smile
on her countenance. Loved ones
are consoled with the thought that
her immortal spirit lives in the
"Land of smiles and sunshine",
where pain and death are felt and
feared no more.

She leaves a husband and six
children.

The funeral services were held
in Buchanan Chapel of the M. E.
Church, South, Saturday morning,
May 7th.

A GREAT SHOW.

The Seward Show Makes a Big
Hit, and Will Stay Three
Nights More.

Last Monday night The Seward
Show opened a three-night engage-
ment at Masonic Hall, and is by
far the very best company ever in
Louisa. The plays are all of the
order one would expect to see in large
cities at high prices, and all the
members of the company are la-
dies and gentlemen in the truest
sense of the words. It is a pleas-
ure to meet such people.

Between acts numerous bright
and funny songs, dances and spec-
tacles were introduced which
made a tremendous hit, especially
those given by Mr. Seward, Mr.
Sautsch, Mr. Dillon and Miss Gar-
land.

At the earnest request of many
of our theatre goers Mr. Seward
and his company have been per-
suaded to remain for the balance
of the week so that three more
nights of splendid amusement is in
store for Louisa. As it is barely
possible that such a fine show will
ever come here again the hall
should not only be crowded to-
night but all the week as well.

Prices will remain the same, re-
served seats 35 cents; general ad-
mission 25 and 15 cents. Reserved
seats at Conley's jewelry store.

The plays for the balance of the
week are "The Twin Sisters", "A
Fatal Wedding", and "Bloodwood
Dick", the three greatest ones the
company produces.

As good as new for five
years, "BLACK
MAMMY" Paint.

A May Carnival.

The Ladies Aid Society of the
Baptist Church of Louisa will
hold a carnival here, beginning
May 24th and continuing three
days. The court house square
will be used for this purpose.
Goods will be on sale from houses
in Catlettsburg, Ashland, Hunt-
ington and Louisa. A lunch room
will be open all day and until
late at night. The proceeds will
go to the fund for re-modeling the
church building.

Contract To Be Let.

Plans and specifications for the
new city building for Louisa are at
Sullivan & Stewart's office for the
inspection of contractors. Sealed
bids will be received until noon of
May 14th for constructing this
building. The right is reserved to
reject any or all bids.

R. A. Bickel, Chas. Imp. Com.

Mrs. E. B. Hobson died Friday
at her home at Buchanan after an
illness of a few weeks. She was a
member of the Baptist Church at
this place and a devout Chris-
tian. She is survived by her hus-
band and six children. The fun-
eral took place Saturday evening
at Buchanan, conducted by Rev.
B. F. Caudill.

FINE DEPOT.

Contract Let For Pressed Brick
Building.

The C. & O. Railway Company
has delighted the people of Louisa
and vicinity in its decision for the
new passenger station. We are
doubly pleased because of the ex-
cellent plan and quality of the
building and the fact that a Louisa
contractor is to do the work.

The contract has been let to Mr.
A. C. Pigg, of this place. The
work is to be started immediately
and pushed to completion as soon
as possible.

The contract calls for pressed
brick, laid in Flemish bond, free-
stone roof, granolithic floors, tile
roof, and terra cotta trimmings.

The plan provides for two com-
modious waiting rooms and a bag-
gage room. A concrete sidewalk
is to be laid for a distance of 150
feet on Jefferson street.

The building will be superior to
those in almost any other town of
the size on the system, so we are
informed. This is a worthy recog-
nition of the large amount of busi-
ness transacted through this office,
and in keeping with the growth
and prospects of Louisa.

Death of Mrs. Smith.

Once more the home, known
throughout the Sandy Valley in
years gone by as the home of good
cheer, the favorite resort of all the
gay and happy throngs, was a
scene of sadness; sadness in its
fullest sense, for, as the procession
followed the casket all covered
with flowers, with the sunshine of
heaven kissing their petals, it was
realized that it bore the last re-
mains of this home to its final rest-
ing place, and that "mother" and
"home" would be no more. But,
borne by the loving hands of affec-
tionate grandsons, and followed by
six grief-stricken daughters, she
who had shared their pleasures,
who had borne their burdens, who
had, as one of old, truly "done
what she could," was laid to rest,
with a life lived which will, for
generations to come, stand out as a
more beautiful monument than
one carved of magnificent marble.

Mrs. Jane Smith was born Jan-
uary 25, 1823, in Lawrence county,
Ky. In early childhood she gave
her heart to God, and His image
and teachings were largely used to
the moulding of her sweet christian
character. Her maiden name was
Jane Carnette, and she was mar-
ried to Edmund Smith in the year
1843. To this union were born
eleven children, with twenty-one
grandchildren and twelve great-
grandchildren, and to them all she
was "mother superior." Six years
ago she followed the husband of
her youth to the brink of the
waters of the dark river, knowing
that he had only crossed the nar-
row stream that gave him life
eternal; and in these years she has
ever kept the "lamp of the Lord"
in her hand, and while passing
"through the dark shadows of
death," she feared no evil. She lived
not for herself alone, but re-
mained in the old home, even in
loneliness so that "the girls" as
she still styled them, could have a
home-coming, and it has been their
custom for years, scattered though
they were in different states, to
bold these family reunions. Not
only was she so remembered by
these, but, always as a typical
grandmother, was fondly loved
and cared for by the grandsons and
daughters who lived near by.

Her life was as "the heaven in
the bread," and manifested itself
in with whom she came in contact,
and whose influence will be felt
even though the "old home" be
visited no more. The immediate
family who survive her are one
sister, Mrs. Nehala Kloner, of
Catlettsburg; seven daughters—
Mrs. Nancy Fulkerson of Winfield,
Kan.; Mrs. J. L. Kilgore, of And-
erson, Ind.; Mrs. George Richardson
and H. A. Gillespie, of Logan, Ind.;
Mrs. P. S. Butler, of Allegheny
City, Pa.; Mrs. M. A. Bell, of
Deerfoot, Cal.; Mrs. Burke, of Ken-
tucky, and the widow of her only
son, Mrs. Helen Smith, of W. Va.

A beautiful service, as that of a
family prayer, was held at the
home by Revs. John W. Thompson
and L. H. Hutchison. The funeral
was preached at Buchanan Chapel
by Revs. C. Dean and H. L. Watts,
and as the earthly body, at the age
of 77 years, was lowered into the
tomb, the assurance was felt that
the spirit had been made young
again in the City of the New Jeru-
salem.—Mrs. Mary Magruder in
Ashland Independent.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmor, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, urea acid, rheumatism and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmor's Swamp-Root is not recommended for over-dosing. It will cure kidney, liver or bladder trouble if you have tried in any way, in hospital work, in private practice, among the helpless poor to produce relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, and a bottle telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmor & Co., Inc., 100 West 19th Street, New York, N. Y. The regular fifty cent bottle, dollar size are sold by all good druggists.

SCOTT'S EMULSION

Scott's Emulsion is the means of life and of the enjoyment of life of thousands of men, women and children.

To the men Scott's Emulsion gives the flesh and strength so necessary for the cure of consumption and the repairing of body losses from any wasting disease.

For women Scott's Emulsion does this and more. It is a most sustaining food and tonic for the special trials that women have to bear.

To children Scott's Emulsion gives food and strength for growth of flesh and bone and blood. For pale girls, for thin and sickly boys Scott's Emulsion is a great help.

The appeal was taken from the life sentence given him and Tom White for the assassination of J. B. Marcum. His other appeal from the death sentence given him for the murder of young Cockrell will be argued in the Court of Appeals to-morrow.

He will be brought to the penitentiary at once to begin serving his sentence, and if his death sentence is affirmed by the Court of Appeals he will have to be pardoned for killing Marcum in order to be hanged for killing Cockrell.

Dennis Smith, living in the Red Bush section was arrested Sunday evening on Coon creek, Magoffin county by Jasper Jenkins and delivered to the Jail at this place early Monday morning. Smith is charged with assisting Joe Gillum and George Pennington in the East Point postoffice some few months ago. Pennington's confession referred to in the last issue of the Herald, brought about Smith's arrest. At the time Smith is charged with committing the robbery, he lived on the Hurt Cabin, near here, and Pennington, Gillum and Smith are said to have laid in hiding at Smith's home a couple of days after the robbery was committed.—Paintsville Herald.

Timbermen from the Big Sandy who have arrived in thievery today state that the quantity of timber run out of that stream on the present rise far exceeds any previous run within a period of ten years.

The last rise before the present at which any considerable quantity of timber came out of that stream was in April, 1903.

During the past year timbering has been unusually active in this territory and a vast number of reefs have been awaiting a tide for months past.

Up to last night more than a thousand Big Sandians had touched at Catlettsburg.

BLOOD CELLS.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal number of red blood cells in adult men is five million; in women four and a half million, to the square millimeter. The normal cell is not absolutely round in health, but in disease, becomes extremely irregular in shape. Every one can be in perfect health and possess the millions of rich red blood corpuscles if they only know how to go about it. Dr. R. V. Pierce, consulting physician to the Leyside Hotel and Surgical Institute, at Buffalo, N. Y., advises every man and woman to prepare for a long life by observing nature's laws. In the first place, if your digestion is faulty, and the food you eat is not taken up by the blood and assimilated properly, you need a tonic and digestive corrector, something that will increase the red blood corpuscles. Dr. Pierce's Golden Medical Discovery, by assimilating the food eaten, it extracts the elements of life and roots, put out without the use of alcohol, would put the liver, lungs and heart into better and more complete action. This medicine he called Dr. Pierce's Golden Medical Discovery. In last Sunday's New York Herald was published pictures of Holbert and William Caudill, of Cannel City, Morgan county, Ky., and their wives. All four are red-headed, the women's hair reaching almost to their feet. The brothers are twins and the brides are twin sisters. All met on the same day, at the same time and place.

The brothers conducted their courtship together and on the same day proposed marriage. They were accepted, and one ceremony united them. The brothers then erected a large residence, and both families took up their abode there. The Caudills have always conducted their business interests together and have prospered until they are rated in the big commercial agencies.

They are sons of Mr. and Mrs. Abram Caudill of Itowan county, and are members of a family of seventeen children, among whom are four sets of twins.

The women are also members of a large family, in which there are two sets of twins. During the years these remarkable twins have resided in the same house there has never been a cross word between them, and their good nature is a matter of note in their community. Their home, Cannel City, is the terminus of a new railway to be built through the mountains of Kentucky by New York City capitalists. The twins have been requested to attend the St. Louis Fair.

Body of Young Wentz Found. Lying face downward at a point in the mountains which has been passed and repassed perhaps a thousand times in the search for him, the body of E. L. Wentz, the young millionaire mine owner of Philadelphia, was found near Big Stone Gap Sunday. Young Wentz disappeared on October 14, 1903, from near Kellyville, a few feet

INDIGESTION

"I was troubled with stomach trouble. The doctor's Black Draught did me more good in one week than all the doctor's medicine I took in a year."—MRS. SARAH M. SHEPHERD, Elizabeth, Ind.

Thedford's Black Draught quickly invigorates the action of the stomach and cures even chronic cases of indigestion. If you will take a small dose of Thedford's Black Draught occasionally you will keep your stomach and liver in perfect condition.

More sickness is caused by constipation than by any other disease. Thedford's Black Draught not only relieves constipation but cures diarrhoea and dysentery and keeps the bowels regular.

All druggists sell 50-cent packages.

"Thedford's Black Draught is the best medicine I have ever used."—MRS. A. M. GRANT, Seaside, Cal.

CONSTIPATION

from the Louisville & Nashville Railroad.

He had been in the habit of riding over the Virginia coal and iron properties daily for several years, and it was while he was making one of these inspections that he disappeared. His horse was found standing near the railroad, and in the words, that the body was found, face downward. He was dressed in the clothes which were familiar to almost every one in the neighborhood of Big Stone Gap, but these were scorched. The body was laid bare because of a recent forest fire, which burned the leaves which had covered the body.

There is nothing on the face or body to indicate violence. It was found by a young man who had been sent out to hunt coons. He knew Mr. Wentz and identified his clothes at once.

The body, because of the cold weather in the mountains since last September, was in an excellent state of preservation.

A post mortem will be held on the body and it is believed it will be shown that young Wentz was murdered and the body then concealed. The point is a quarter of a mile off the mountain trail and had been passed and repassed many times.

Fifteen students of Kentucky University, Lexington, will go into the mountains of Kentucky this summer as missionaries under the auspices of the American Board of Christian Missions, this new department existing only in Kentucky. It began last summer. Several mountain churches have been organized. Plans have been carefully prepared for the summer campaign.

Rudolph Sward died at his father's home on Island creek last Saturday morning. He suffered a great deal but was conscious to the end. It is a good thing for all concerned that he died, as had he lived he would at least have gone to the penitentiary for killing Bradford, and no doubt for life. He had always been wild and reckless and had caused his family a great deal of trouble.—Pikeville Times.

George Pennington, in the Pike Circuit Court, today confessed to robbing several stores, and was given ten years in the penitentiary. He is the third and last of the gang that last fall made a trip through this section stealing stock and robbing stores. This is said to be the third time Pennington has been sent up for robbery.—Pikeville Times.

Traveling Is Dangerous. Constant motions jar the kidneys which are kept in place in the body by delicate attachment. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys and I got no relief until I used Foley's Kidney Cure." IRAD.

We are sorry to say that grandfather Dean is no better.

Mr. and Mrs. Barrett are visiting her father here, who is very ill and not expected to live long.

Sunday School at Daniel's creek is progressing nicely with Willie Chaffin as Supt.

Sherman Kelley passed here last week on his way to the Valley.

Willie Berry was here on his way to Irish creek last Sunday.

Milt Barnett has gone to stay with Kenia Chaffin.

Miss Myrtle Pigg paid Miss Cora Prince a visit last Sunday.

Willie Grubb and Jerry Wellman attended Sunday School at Daniel's creek Sunday.

There will be church at Daniel's creek the fourth Sunday and Saturday night before. There will be about four preachers on Sunday—Hos. Sturgill, Freley, Thompson and Large. Some are expected to be baptized on Sunday.

George Kelley returned to his home on Irish creek a few days ago. Lock Moore, our enterprising farmer, is done planting corn and fl-fling.

Let us hear from all the correspondents. Two Chums.

A Farmer Straightened Out. "A man living on a farm near here came in a short time ago completely dunned up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay for it," says C. R. Snyder, of Pattonville, Mo. "A few days later he walked in the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by A. M. Hughes.

WILTON. Wilton is a new mining town located in Knox county three miles from Woodbine, which is on the main line of the Knoxville Branch of the Louisville & Nashville railroad, 10 miles from Barboonsville, Ky., and 30 miles from Jellico, Tenn. The place is owned by the North Jellico Coal Company, of Louisville, one of the largest mining companies in this State. They have recently run as much as eleven hundred tons of coal in one day over their tipples at this place. J. B. Speed, of Louisville, is President of the Company, F. M. Sackell, Vice Pres., C. S. Nield, General Manager, A. Frost, Supt., and Leander Castle, Mine Foreman.

Robt. Hyndman, who was formerly book keeper for the Peach Orchard Coal Co., has a good position with this Company.

Mr. Castle, the mine foreman, is from Big Sandy and formerly worked at Peach Orchard and Torchlight. He seems to be giving entire satisfaction in the important position he holds with this Company.

The Company has a large electric plant at this place. The coal is mined and delivered at the tipples by electric power.

One more thing that Wilton is ahead of the ordinary mining town in is long distance telephone connections with Louisville and the other large cities of the country.

This is a nice clean place and since the Company discharged several young men for shooting around at night it is as civil peaceable mining town as we know of.

At present the mines here are running four days a week. We hear that some places around Jellico are only running about half time.

Alaway was elected checkweighman by the miners here last Friday.

L. C. Howe, another Lawrence county man, is weigh boy, a position he has held for some time.

There is quite a number of Big Sandians working in the mines here.

This is the same Company that operates old North Jellico mines at Bertha, Ky., which is four or five miles from here by public road and 12 miles by railway. The average output of the mine is about 900 tons a day.

We are for William Randolph Hearst for President and hope to see him win in the St. Louis Convention.

The Louisa Drug Co. Do not hesitate to recommend Kodol Dyspepsia Cure to their friends and customers. It judiciously causes more ill health than it cures. Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only treatable, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and poisons the system, giving it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Dr. D. C.
